15 October, 2007

PRESENTED BY:

**Erik
Johannessen**

Getting Started

- Corporation of Trinity House London issues Contract Notice December 1, 2006 for a services contract for the provision of UK eLoran signal-in-space, as part of European eLoran service.
- Invitations to Tender issued in January 2007.
- The General Lighthouse Authorities (GLAs) today (31 May 2007) announces the award of a prestigious fifteen-year contract to VT Communications (part of VT Group plc) for the provision of a state-of-the-art enhanced Loran (eLoran) radionavigation service to improve the safety of mariners in the UK and Ireland.
 - http://www.trinityhouse.co.uk/media_centre/press_releases/press_release.html?id=15001
- VT Communications awarded subcontracts to R.G. Nash & Associates, reelektronika, and Megapulse.
